12-INCH TOUCHSCREEN MEDIA CENTRE

THE ALL-NEW UCONNECT® 5 SYSTEM

OFFERS MORE CONNECTED SERVICES AND FEATURES FOR UNMATCHED EASE OF USE FOR BOTH NOVICE AND EXPERT USERS ALIKE.

UCONNECT 5 NAV¹ RADIO is available to keep you informed and entertained. Its large, full-colour, 12-inch touchscreen integrates with your smartphone, thanks to Apple CarPlay² and Android Auto.^{TM2} The available 4G LTE WiFi Hotspot³ allows you to connect up to eight devices.

With Amazon Alexa Built-In⁴ for the Uconnect 5 radio in your vehicle, you can have the convenience of the Alexa features you enjoy at home, now on the go.

TOMTOM⁵ TOMTOM NAVIGATION¹ WITH TRAFFIC & TRAVEL CONNECTED SERVICES. Thanks to the ability to predict traffic, formulate better routes and provide more accurate arrival times, TomTom provides the most up-to-date traffic and travel information. TomTom's connected services—including Traffic, Parking, Fuel and Weather—provide drivers with reliable, timely information to get them where they are going.

SIRIUSXM⁶ WITH 360L makes it easier than ever to find and enjoy listening to over 200 channels and 10,000 hours of on-demand content. A one-year trial is included with your Ram 1500.

APPLE CARPLAY² makes wireless in-vehicle iPhone use easy and safe. Your call: use the touchscreen or Siri voice commands.⁶ Available.

ANDROID AUTO² wirelessly connects you with Google Maps, YouTube Music—and more. You love AndroidTM; Google goes with you. Available.

OFF-ROAD PAGES provides real-time vehicle information while operating on off-road positions. Information includes ride height, transfer case, pitch and roll, and more. Available.

Uconnect®

DEALER ePROCESS

BY TOUCH, BY VOICE, WE'RE KEEPING YOU CONNECTED

EVOLVE YOUR CONNECTIONS.

This is user-friendly technology that delivers premium levels of entertainment, communication, comfort and convenience. Ram 1500 offers a wealth of technologies that do it all. Among them, the latest generation of the Award-Winning Uconnect® systems, built-in cellular connectivity, and personalized settings for available features like heated/ventilated seats, Keyless Enter 'n Go™—and much, much more.

RAM CONNECT⁷

Drive worry-free with Ram Connect—a premium suite of safety and convenience services that can be accessed in vehicle or through the Ram Connect App. Includes a six-month trial. Available with Uconnect 5 multimedia centres.

RAM CONNECT⁷ features include:

- SOS Call⁹
- Roadside Assistance Call⁹
- Lock/Unlock Your Car¹⁰
- Start Your Car¹⁰
- Remote Horn and Lights¹⁰
- Vehicle Finder¹⁰
- Send & Go¹¹
- Theft Alarm Notification¹²
- Stolen Vehicle Assistance¹³
- Family Drive Alerts¹⁴

DEP
DEALER ePROCESS

EYES ON THE ROAD.

It's about safety, convenience and technology. The fully customizable Heads-Up Display (HUD) projects important stats like km/h, incoming calls and turn-by-turn navigation¹ directly on the windshield. Available.

BIG HORN® SHOWN IN BILLET METALLIC

LARAMIE® SHOWN IN RED PEARL

BUILT FOR WORK, PLAY AND EVERYTHING IN BETWEEN

CAPABILITY.

Bring on your big jobs and huge loads. Ram 1500 offers multilink coil spring rear suspension and Class-Exclusive eTorque Technology¹⁵ and Active-Level™ Four-Corner Air Suspension System.¹⁶ It can also haul up to a 1,043-kg (2,300-lb) max payload.

SAFETY/COMFORT.

Comfort doesn't just come from the spacious six-person seating. It also comes from available peace-of-mind technology like the Lane Departure Warning Plus System¹⁷ and Blind-Spot Monitoring (BSM) with Rear Cross-Path and Trailer Detection.¹⁷

A blue Ram pickup truck is shown from a rear three-quarter view, towing a boat on a trailer. The truck is parked on a paved surface, and the background shows a body of water and a cloudy sky. The truck has a chrome bumper, dual exhaust pipes, and a license plate that says "RAM". The boat is a white motorboat with a black outboard motor.

18,350 REASONS TO TOW WITH RAM

MAX TOW PACKAGE: UP TO 18,350-LB (8,323-KG) GCWR

Properly secure all cargo. Always tow within the vehicle's capacity.

DEP
DEALER ePROCESS

Properly secure all cargo. Always tow within the vehicle's capacity.

LIMITED SHOWN IN GRANITE CRYSTAL METALLIC

PROWESS. Ram 1500 gas-powered engines help deliver impressive towing numbers. Get up to 5,783-kg (12,750-lb) max towing with the available HEMI® V8 with eTorque, or up to a generous 5,271-kg (11,620-lb) max towing with the available 5.7L HEMI. Best-in-Class available diesel towing of up to 5,697 kg (12,560 lb)¹⁸ is delivered through the 3.0L EcoDiesel V6.

MAX TOW PACKAGE. Serious towlers will want this available package. For models equipped with a HEMI V8 with eTorque, it adds even more strength, security and a suite of features that increases the GCWR to 8,323 kg (18,350 lb), which enables max towing of 5,783 kg (12,750 lb).

HITCH UP, HEAD OUT. The available 360° Surround View Camera System¹⁹ and Trailer Camera Prep allow for up to two cameras to be positioned on or within the trailer. You'll get a full view of the truck's surroundings which takes the guesswork out of trailer hookup. The tailgate light provides illumination for easier trailer hookup in the dark. Opt for the new Trailer Surround View Camera System¹⁹ feature that provides a 360° bird's-eye view of the trailer, eases vehicle/trailer manoeuvring by providing enhanced visibility of trailer surroundings and aids when backing up the trailer in tight spaces.

Properly secure all cargo. Always tow within the vehicle's capacity.

LIMITED LONGHORN™ SHOWN IN RED PEARL

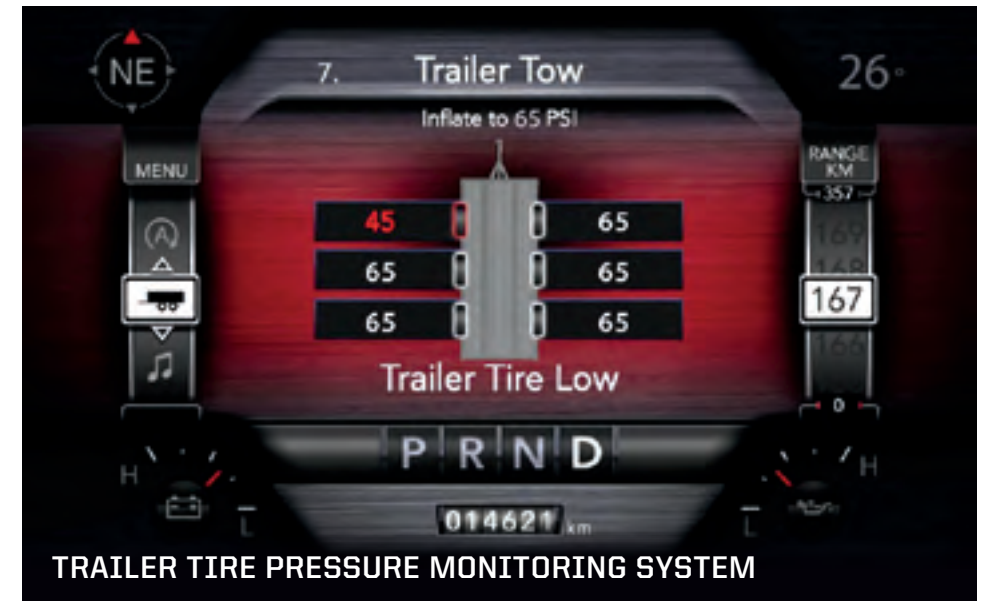

CONVENIENCE OF TECHNOLOGY. Self-calibrating Trailer Reverse Steering Control (TRSC) automatically assists with backing up a trailer by turning the truck wheels in the proper direction. Just twist the knob in the direction that you want the trailer to go. The available Digital Rearview Mirror¹⁷ uses an LCD monitor to display real-time video that improves the driver's ability to see behind the vehicle. If a trailer tire becomes low, the available Trailer Tire Pressure Monitoring System will alert the driver. The unique pressures for up to six trailers/RVs can be programmed into the system.

TRAILER REVERSE STEERING CONTROL

DIGITAL REARVIEW MIRROR¹⁷

TRAILER TIRE PRESSURE MONITORING SYSTEM

480 HP | 260 LB-FT

FUEL-CONSCIOUS, HEAVY-DUTY PERFORMANCE

The innovative 3.0L EcoDiesel V6 engine maximizes its 260 horsepower and Best-in-Class 480 lb-ft¹⁵ torque while optimizing fuel consumption. Thanks to B20 biodiesel capability and standard Active Grille Shutters, EcoDiesel is a greener technology that produces fewer CO₂ emissions without sacrificing serious strength.

Technical highlights include a water-cooled turbocharger with variable geometry turbine, cylinder head intake ports that boost performance and fuel economy, and an exhaust gas circulation system.

BEST-IN-CLASS

12,560-LB (5,697-KG) DIESEL MAX TOWING¹⁸

305 HP | 269 LB-FT

SUBSTANTIAL POWER AND EXCEPTIONAL V6 FUEL ECONOMY

The facts: a high 10.2:1 compression ratio. High torque—including a supplemental 90 lb-ft of eTorque—and over a broad rpm range: nearly 90 percent of peak torque is available from 1,800 to 6,400 rpm. eTorque utilizes a belt-starter generator system, a 48-volt lithium-ion battery, regenerative braking and electronic power boost. Standard on Tradesman® and Big Horn®.

7,710-LB (3,497-KG) MAX TOWING

DEP
DEALER ePROCESS

395 HP | 410 LB-FT

eTORQUE TECHNOLOGY WITH 10.3 L/100 KM (27 MPG) HWY²⁰ AND A SUPPLEMENTAL 130 LB-FT OF eTORQUE—AVAILABLE

ENGINEERED FOR PERFORMANCE

Few engines are as legendary as the HEMI V8. This iconic powerplant incorporates Variable Valve Timing (VVT) and a Multi-Displacement System (MDS)/FuelSaver Technology for max fuel efficiencies.

Add the available eTorque Technology with a supplemental 130 lb-ft of eTorque. More than just torque, eTorque works with the standard MDS/FuelSaver Technology to deliver excellent V8 4x4 fuel economy and a V8 driving range of up to 848 km (527 mi)²¹. The eTorque electric motor creates a mild-hybrid system to help refine Stop/Start capability; it also creates a generator for the regenerative braking, converting kinetic energy to recharge the battery system.

12,750-LB (5,783-KG) MAX TOWING

702 HP | 650 LB-FT | 4.5 SEC

THE MOST POWERFUL FACTORY-INSTALLED ENGINE EVER IN A HALF-TON TRUCK²²

Only available on the Ram 1500 TRX, the legendary 6.2L Supercharged HEMI V8 engine ensures this monster can charge from 0-60 mph in just 4.5 seconds. The supercharger provides near-instantaneous torque, has a maximum speed of 14,600 rpm and is engineered to withstand 1,595 psi—or the equivalent of nearly 9,072 kg (20,000 lb) of force.

8,100-LB (3,674-KG) MAX TOWING

DEP
DEALER ePROCESS

OUR TECHNOLOGY HAS YOU COVERED

BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH AND TRAILER DETECTION¹⁷ This available system scans the blind-spot zones beside and behind the vehicle to help ensure trailer safety during manoeuvring while automatically sensing and accounting for the length of the trailer.

LANE DEPARTURE WARNING PLUS¹⁷

To prevent drifting, the available Lane Departure Warning Plus System¹⁷ keeps you in your lane by warning you visually and adjusting your steering when the system detects lane drift.

SMART CRUISING.

Adaptive Cruise Control with Stop and Go¹⁷ detects slower moving vehicles ahead, and the Forward Collision Warning with Active Braking¹⁷ automatically helps adjust to a safe distance. Likewise, if a collision with a pedestrian appears imminent, Pedestrian Automatic Emergency Braking (PAEB)¹⁷ activates the brakes. Available.

GUIDED PARKING.

Parallel and Perpendicular Park Assist¹⁷ provides active guidance when parking. The guidance system directs you to engage the gear position, brake and accelerator while it automatically controls steering. Available.

CONFIDENCE STARTS HERE

AIR BAG TECHNOLOGY²³

Advanced multistage front air bags, supplemental front-seat side-mounted air bags and side-curtain air bags.

DYNAMIC FRONT CRUMPLE ZONES.

A real factor that contributes to safety, they absorb the energy from impact loads.

ELECTRONIC PARKING BRAKE.

Multifunctional, it features five operational modes, including Safe Mode and Drive-Away Release.

MASSIVE BRAKES.

Front and back, Ram 1500 standard rotors measure up—and they're the largest brakes in their class: nearly 378 mm (15 in) in diameter.¹⁵

SENSORS, CAMERAS AND TECHNOLOGY.

Ram 1500 uses a variety of standard and available advanced safety features to help make every drive secure.

SIDE-IMPACT DOOR BEAMS.

Built into every Ram 1500, they reinforce protection against side impacts.

SPLAYED FRAME RAILS.

Direct energy away from the cabin and into the frame rails.

TIRE BLOCKER.

Integrated into the frame are tire blockers—one per side—offering further protection in the event of a frontal crash.

CLASS-EXCLUSIVE AIR SUSPENSION TECHNOLOGY¹⁶

The Active-Level™ Four-Corner Air Suspension System is ideal for towing and features the bed-lowering Hitch Assist. Available.

CLASS IV TOWING HITCH.

Trailering is part of the Ram Brand DNA. The available Class IV trailer hitch makes it happen.

REAR-AXLE THERMAL MANAGEMENT SYSTEM.

This available technology controls lubricant viscosity—a real contribution to the impressive efficiency.

SMART FRONT AND REAR SUSPENSION.

What works: a heavy-duty front stabilizer bar and Class-Exclusive standard link coil rear suspension.¹⁵

SMART SHOCKS.

Frequency Response Damping (FRD) shock absorbers adapt to varying surfaces and driver demand.

TOUGH STEEL FRAME.

The frame takes the concept of durability to extremes. 98 percent of the steel used in the frame is high-strength steel.

CLASS-EXCLUSIVE UNIQUE SUSPENSION¹⁵

The five-link, progressive-rate coil spring rear suspension is 18 kg (40 lb) lighter than leaf springs for better articulation and help with load levelling.

*THE PERFECT BED
FOR THOSE WHO REFUSE TO REST*

BIG HORN® SHOWN IN RED PEARL WITH AVAILABLE MOPAR® ACCESSORIES

Properly secure all cargo.

THE DETAILS MAKE THE DIFFERENCE

BED UTILITY GROUP.

Offers a bed divider, a cargo rail system with four adjustable tie-down loops and a deployable bed step. Includes spray-in bedliner on select models. Available.

POWER-RELEASE TAILGATE.

The available power-release tailgate feature lets you open the standard damped tailgate with the push of a button on the overhead console or from the key fob.

STEEL DEPLOYABLE BED STEP.

Foot-controlled for use or to tuck it back under the bed. Available.

MULTIFUNCTION TAILGATE.

It has everything a traditional tailgate has, plus split-door flexibility. The 60/40-split, swing-away doors give quick access to the cargo bed without having to lean over a traditional tailgate—even while trailering. When the job calls for it, the multifunction tailgate provides a traditional tailgate that easily handles up to 907 kg (2,000 lb). Available.

IN-BED LED LIGHTING.

Controlled by a switch or activated when the unlock button on the key fob is pushed. Available.

SHEETS FIT.

The RamBox® Cargo Management System offers extra storage, while the bed still accommodates standard 4x8-foot sheets of building materials. Available.

DEALER APPROCESS

Properly secure all cargo.

RAMBOX® CARGO MANAGEMENT SYSTEM. Efficiency isn't just for performance; it's built into everything we do, including storage. The available Class-Exclusive RamBox Cargo Management System¹⁶ boasts storage bins that are weatherproof, lockable, drainable and equipped with downward-facing illumination plus a 115-volt power outlet in the driver's-side bin.

ILLUMINATED STORAGE

115-VOLT POWER OUTLET

SHOW-OFF STYLE.

A raised aluminum hood that houses a potent 5.7L HEMI® V8 engine might be the first thing you notice about the bold Laramie style. Or it could be the striking LED headlamps and pushed-to-the-corner LED fog lamps. Maybe it's the chrome details and aluminum tailgate with damped opening assist that catch your eye. Whatever it is, Laramie is a head-turner. The interior is filled with premium touches, including leather-faced seats; accent stitching on the upper dashboard, centre armrest and door panels; a leather-wrapped steering wheel; and wood accents. Laramie models feature the new Uconnect® 5 NAV¹ multimedia centre with 12-inch touchscreen.

*Information subject to change. All weights are in kg (lb). Please visit www.rambodybuilder.com for full specifications. Payload and Max Trailer Weights are ESTIMATED values. Payload and Max Trailer Weight values are rounded to the nearest 4.5 kg (10 lb). Payload = GVWR - Base Weight. Trailer Weight Rating and Tow Vehicle Trailing Weight are calculated as specified in SAE J2087. Passenger Weight = 136 kg (300 lb). Options Weight is option content above 33 percent of sales volume. Trailer equipment weight = Class IV hitch receiver is 5 kg (11.1 lb) (if not already included in options weight). Trailer Hitch is 4.5 kg (10 lb) if TWR is less than or equal to 2,268 kg (5,000 lb) and 29 kg (65 lb) if TWR is greater than 2,268 kg (5,000 lb). Payload and Trailer Weight Rating are mutually exclusive. CAWRs, GVWRs and GCWRs should never be exceeded. The recommended tongue weight for a conventional hitch is 10 percent of the gross trailer weight. The maximum tongue weight for Class IV hitch receiver is limited to 499 kg (1,100 lb). Weight-Distributing Hitch is recommended for trailers over 2,268 kg (5,000 lb).

WARRANTIES: 2022 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre* fully transferable Powertrain Limited Warranty with \$0 deductible plus 24-hour roadside assistance! Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres. *Whichever comes first. Some conditions may apply. †The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new Ram truck. Mopar Vehicle Protection offers extended service plans to help ensure that you'll enjoy your truck for many years down the road. For more information on comprehensive vehicle coverage, see your Ram retailer, call 800-465-2001 or visit [fcacanada.ca/owners](https://www.fcacanada.ca/owners)

DISCLAIMERS: 1) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 2) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. To use Android Auto on your phone screen, you'll need an Android phone running 6.0 or higher and the Android Auto App. 3) Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. WiFi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 4) Vehicle must be properly equipped with a Uconnect 5 NAV system. Requires a WiFi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. 5) Requires SiriusXM radio subscriptions governed by SiriusXM Canada Customer Agreement available at [siriusxm.ca/terms](https://www.siriusxm.ca/terms) 6) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 7) All vehicles properly equipped to receive connected services come with a three-month trial of the full suite of Ram Connect services effective from the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue or renew services. Ram Connect is available only on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. 8) Vehicle must be enrolled with Ram Connect, be in an active and usable cellular range, and have an active subscription. SOS Customer Care agent directs emergency assistance to your vehicle's location. 9) Provides direct-dial access to Roadside Assistance Service. Vehicle must be within the United States, have network coverage and must be enrolled with Ram Connect with an active subscription that includes the applicable feature. Additional roadside assistance charges may apply. Check warranty for details. 10) Vehicle must be enrolled with Ram Connect, be in an active and usable cellular range, have an active subscription and properly equipped with remote features. Remote Vehicle Start is not available on all vehicles. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. 11) Vehicle must be properly equipped with TomTom Navigation, enrolled in an active subscription with Ram Connect, be in an active and usable cellular range, and with the vehicle brand app installed on a compatible smartphone. 12) Vehicle must be enrolled in an active subscription with Ram Connect and be in an active and usable cellular range. Vehicle Theft Alert is only available on factory-installed alarms only. 13) Vehicle must be enrolled with Ram Connect, be in an active and usable cellular range, and have an active subscription. Stolen vehicle police report required. 14) Vehicle must be enrolled with Ram Connect, be in an active and usable cellular range, and have an active subscription. 15) Based on *Automotive News* Full-size Pickup segmentation. 16) Based on *Automotive News* Full-size Pickup segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. 17) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 18) Based on *Automotive News* Full-size Pickup segmentation. When properly equipped. 19) Always check entire surroundings visually before proceeding. 20) Based on *EnerGuide* highway fuel consumption ratings and fuel tank options. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for the *EnerGuide* information. 10.3 L / 100 km (27 mpg) highway on Ram 1500 4x2 models equipped with the 5.7L eTorque engine and 8-speed transmission. Miles per gallon (MPG) ratings based on imperial gallon. 21) Driving range based on 2021 *EnerGuide* highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. Use for comparison purposes only. 22) Based on *Automotive News* Full-size Pickup segmentation. Based on horsepower. 23) The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 24) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 25) All SiriusXM Guardian equipped vehicles come with a 12-month complimentary trial effective on the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States and Canada. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. 26) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 27) Only available with automatic transmissions. 28) Not compatible with all garage door openers. 29) Vehicle must be locked and system activated for alarm to sound. 30) Based on *Automotive News* Full-size Pickup segmentation. Based on Ram 1500 Limited/Limited Longhorn standard premium content comparison to Ford F-150 Platinum and Chevy Silverado 1500 High Country.
